

10TH ASI CONVENTION | 28/12-1/1

RAPID

PERSONAL PREPARATION FOR END-TIME EVENTS

Rapid!

It is time to go. Rapidly. "In this country and in foreign countries the cause of present truth is to make more rapid advancement than it has yet made. If our people will go forth in faith, doing whatever they can to make a beginning, and laboring in Christ's lines, the way will be opened before them... They must go as far and as fast as possible, with a determination to do the very things that the Lord has said should be done. They must have push and earnest, unwavering faith.... The world must hear the warning message." (Evangelism, 18.)

God has a great plan for you and His church in this significant time of earth's history. I pray that this Convention will be a big blessing to you, and that it will help all of us to see God work as powerfully as He longs to do in us, for us, and through us.

PERSONAL SPIRITUALITY (MAIN HALL)

Navigating through the dark valleys of life | Daniel Pel

What do we do when our prayers seem to go unanswered? What do we do when God seems to be silent and we don't know where to turn? What do we do when our lives are interrupted by unexplainable things that cause doubt to rise in our hearts? This workshop takes a Biblical look at these questions and how we can navigate through the dark valleys of life. There are Biblical characters that have gone before us who have gained experiences that are of great value for us who are living in these end times. Discover how you can have a spiritual life that does not just survive but thrive!

Daniel Pel is a passionate communicator of the Bible. His dynamic and logical way of presenting Scripture has been an inspiration for many around the world. With an enthusiasm for the gospel of Jesus, Daniel serves as a pastor and evangelist. He is married to Silvia, and they have two sons named Elias and Enoch. As a family, living in beautiful Norway, they love spending time in God's creation.

PERSONAL SPIRITUALITY (MAIN HALL)

Optimized: Reclaiming the Pandemic Years | Emanuel Baek

The 2019-2021 pandemic period saw skyrocketing mental and physical health issues. Join Emanuel as he unravels his steps to reclaiming optimum physical, mental, and emotional health.

Emanuel Baek is a former canvasser, professor, evangelist, and currently a Pastor. The people he has met along this journey have helped shape his unique perspective on what God is doing in his church today.

PERSONAL SPIRITUALITY (MAIN HALL)

The flesh, the baptism in the Holy Spirit, growth and the latter rain | Gunnar Jørgensen

Part 1: The flesh and baptism in the Holy Spirit - ...out of darkness into his marvelous light (1 Pet 2,9) How are we baptized in the Holy Spirit? What are the obstacles for it to happen? Why did the Fall lead to total moral disintegration? How can this be reversed? Does it happen already now or when Jesus returns? Or does it start now, to be continued though eternity?

Part 2: The Holy Spirit leads us in Christian Growth through the latter rain to meet Jesus soon! When we are baptized in the Holy Spirit, how are we prepared to see Jesus as He is? What has the Sabbath to do with sanctification? Or with baptism in the Holy Spirit?

***Gunnar** has worked as local pastor, youth director and communication director in the Adventist Church. He is now retired and operates a local FM station with a parallel YouTube video stream.*

PROPHECY (KJEMISALEN)

Climate and environmental issues in the last days | Joel Mellin

What is true and what is not true about climate change? How can climate change issues play a role in last days events? Is there a contradiction between believing in climate change and believing in Bible prophecies for the end time?

These are some questions we will try to answer together in this workshop. Bring your phone, since you will answer a quiz in this workshop.

***Joel Mellin** is a meteorologist with a master's in physics and has studied energy engineering, nutrition and social psychiatry. He also has experience of practical preventive health work. Nowadays, he and his family works with his ministry Mellins health food store where they produce nut butters and sell different organic products. He is also studying and teaches pilots in meteorology.*

PROPHECY (KJEMISALEN)

The Four Stages of the Sunday Law | Norman McNulty

Seventh-day Adventists understand that the Sunday law will be the clear warning sign that the end of the world has arrived. What we also need to know is how the Sunday law progresses through successive stages. In this workshop, we will look at the triggers leading to the Sunday law and the four stages of the Sunday law leading up to the close of probation. We want to be prepared for what is coming upon the world as an overwhelming surprise.

Roger Robertsen has travelled widely in bible lands and participated in archaeological excavations. He lived in Israel for seven years when he served as President of Israel Field (2012-19).

MISSION (FYSIKKSALEN)
